As we look back over 2020, we are proud that, as an essential business, WomenShelter of Long Beach remained open throughout the pandemic and continued to provide much-needed, lifesaving, supportive services to survivors of domestic violence and their children. Our wonderful staff have all gone above and beyond to ensure the health and safety of those we serve including our residents in Cheresé's Safe Home and the many adults and children who receive services through our Domestic Violence Resource Center (DVRC). The way that we provide some of our programs now does not quite look the same as it did, but we have made sure that those who need our help are able to get our help!

We are all in this together! Since 1977, WSLB has remained committed to its mission: to eliminate domestic violence through compassionate intervention, education and personal empowerment. Your **Mother's Day contribution 50 comfort scarves** demonstrates your support, your compassion, and your belief in the important work that we do and we are truly grateful for you. The responses to your generosity have been overwhelming: from 'Thank you for the kindness,' 'No one has ever done this for me before,' 'someone did this by hand...for me?,' to 'I am so thankful for you and God Bless.' Again, from all of us here at WSLB, THANK YOU!

With sincere appreciation,

Mary Ellen Mitchell

WSLB Executive Director
